NOTICE TO NAVIGATION INTERESTS

DATE: 10/14/2016
POC: Technical Services Branch
313-226-4549

NOTICE NUMBER: 7011
LOCAL NUMBER: L16-16
WATERWAY: ST. MARYS RIVER

EFFECTIVE: 10/18/2016 00:01 thru 09/21/2017 23:59 EDT

REPAIRS TO WEST CENTER PIER ST. MARYS FALLS CANAL

1. At the St. Marys Falls Canal, Michigan, repairs will begin to an 800 foot section of West Center Pier in the South Canal. The work area will start approximately 300 feet east of the International Highway bridge and continue 500 feet west of the International Highway Bridge. Repairs are expected to commence around 18 October 2016 and will continue through the summer of 2017.
2. The work will require the use of divers and barges along the south face of the West Center Pier in the work area. Two 50 foot wide barges will be routinely moored to the pier.
3. Downbound traffic will be required to make winter landings to avoid the work area and avoid the use of bow thrusters in the work area. Upbound traffic will need to maneuver clear of the area. As such, pier space will be limited.
4. Questions regarding this notice may be directed to the Soo Area Office Engineer, Mr. Kevin Sprague, at 906-635-3464.
