

US Army Corps
of Engineers®

Morristown Harbor, NY

Harbor Features

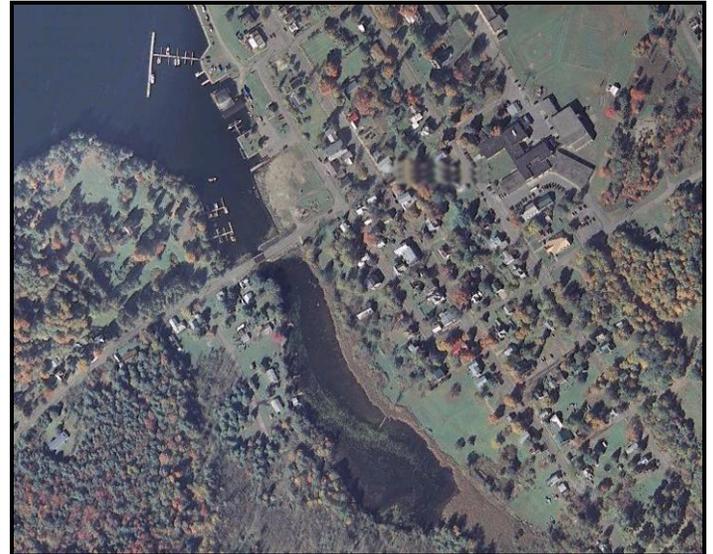

- Located on the St. Lawrence River, in the town of Morristown, St. Lawrence County, New York
- Authorization: River & Harbor Act of 1927
- Shallow draft recreational harbor
- Project depth is 9 feet in the entrance channel
- The harbor consists of an entrance channel 150 wide and approximately 800 feet long
- Major stakeholders include fishing interests, private marinas and the recreational boating community

Project Requirements

- Currently, there are no critical maintenance requirements

Consequences of Not Maintaining the Project

- Potential safety issues for recreational boating community
- Potential functional loss of Harbor of Refuge
- Negative economic impacts, locally and regionally

Transportation Importance

- Provides safe access between Morristown Bay and the St. Lawrence River
